Remarks**I. STATUS OF THE CLAIMS**

Claims 1, 3, 4 and 7 - 10 are currently pending in the subject patent application. Claims 1-5 and 7-9 were rejected under 35 USC §102(b) as being anticipated by Werner (6, 601,841) and claim 11 was rejected to under 35 USC 112. In this amendment claims 2, 5, 6 and 11 has been cancelled, and claims 1, 3 and 4 have been amended.

II. DRAWINGS OBJECTION

The Examiners objected to an extraneous question mark ("?) and to unclear numbers. The question mark ("?) has been removed from Fig. 1. The numbers on the replacement drawings submitted with this amendment are clear and easy to read, the drawings are now in compliance with 37 CFR 1.121(d). These drawing objections may be withdrawn. Also, claim 11 has been cancelled so the drawing objection relating to a wheel jostling member can be withdrawn.

III. ALLOWABLE SUBJECT MATTER

Allowable subject matter from claim 6 has been added into claim 1. All claims are now allowable, because all of the claims depend from claim 1.

IV. PRIOR ART REJECTIONS

The subject matter of allowable claim 6 has been added into claim 1, so all claims should now be allowable, and the rejections are moot.

V. ENABLEMENT REJECTION

Claim 11 was rejected as non-enabled. That claim is now canceled, and this rejection may be withdrawn.

VI. CONCLUSION

Based on these amendments and remarks, a favorable action is requested in this application. If the Examiner should have any questions, please contact the undersigned attorney.

Respectfully resubmitted,
